

Year Six Newsletter Summer 1, 2019

Welcome to the first half of the Summer Term.

This half term in English, our Class novel will continue to be 'Rooftoppers' by Katherine Rundell. We spend some time on this as it is a fantastic book which never fails to generate some amazing descriptive and narrative writing. We will also be looking at Biography and continuing revision of spelling, punctuation and grammar.

In Mathematics we will focus on shape, co-ordinates, angles, graphs, tables and algebra.

In both English and Maths, we will continue to practise some SATs papers in readiness for 13th May. Please see your SATs pack or recent Newsletter for the actual timetable.

In our Science lessons we will be finishing our topic of 'All Living Things' and beginning our final topic 'Evolution'.

Our Year Six Topic will continue to be 'It's All Greek to Me' in which we explore the world of Ancient Greece. This is primarily a History –based topic with some Geography. We will then work on 'Maps and Mountains'.

To accommodate PPA, SATs booster groups and visiting P.E. specialists, P.E. (which will be athletics and striking/fielding games) will take place when we can go outside or have a hall period. Please could children keep a P.E. kit and trainers in their lockers as we need to be flexible?

Our RE topic this half term is 'The Work of the Apostles', which gives us the opportunity to look at the disciples chosen by Jesus, the growth of the Early Christian Church and the impact of Pentecost.

In French we will explore the conversational use of varied nouns and verbs in relation to the children's experience.

In ICT we will look at Spreadsheets.

Kind Regards,

Mrs Roberts and Mrs Tobin
