Headteacher
Mrs H. Brown

30th May 2020

Dear Parents/Carers

In an endeavour to connect with the children in a more child friendly and interactive way, and after researching various different home learning platforms, we are pleased to announce that Mrs Ferguson, Mrs James and Ms Alcock have decided to trial using 'Class Dojo' with Year 2 and Year 3.

Class Dojo is an educational technology communication app and website. It connects primary school teachers, students and families through a variety of interactive communication features. This platform allows the children to share work, photographs, videos and attachments; message on a class and individual level and to follow their own 'class story'.

Initially this will only be available to the two year groups, however if successful, the aim is to roll out the platform school wide.

Each parent will receive an email detailing how to connect online and tutorials are available both on the website and on You Tube.

One link is available here: <https://youtu.be/vgZOhrtywQ>

If you do not receive an email by Monday lunchtime with your child's details, please contact your child's class email and we can adjust any issues with incorrect email addresses etc.

Kind regards

Mrs Ferguson, Mrs James and Ms Alcock
